

## In this Update...

- Announcing..... **ReportWriter!**
- ReportWriter Road Show
- AcquiData's trade show schedule
- We're moving....again!

### ReportWriter

**We are so proud to announce a *completely new* report writing tool for Testream/CS: **ReportWriter.****

A .NET application, ReportWriter is a 'drag and drop' style tool that enables you to easily combine spreadsheet style data presentations with charts, text documents, labels, etc. Very powerful, attractive product quality reports are now just a few 'clicks away' with Testream/CS.

You start with a blank page. On the left side of the screen is your 'palette': a list of icons representing different data presentation styles. Would you like to see your test results presented in a spreadsheet? If so, click on the spreadsheet icon and drag it over to the location on the page where you want it to be. Want some properties to be highlighted in a chart? Click on the chart icon and position it on the page. You might also click on the text label icon and place that up at the top of the page: size it as you'd like and enter the text you want to appear on your finished report.

Once you have selected and positioned your data presentation objects on the report page(s), right click on each object to further define it. You have a wide variety of options here: the length, width, font size and style of the object are just a few of the formatting choices available to you.

As you would expect you also have your standard database search statement choices, to define what data Testream/CS should retrieve from its database to populate this particular object. Here's a new twist: you can populate different objects on the same ReportWriter page from different Testream/CS sample ID sets! "*Can we hear that in plain English?!?*" Sure! ReportWriter will easily produce a report showing pulp lab results on the same page as dry lab data, along with machine operating data.

ReportWriter will be included in all new Testream/CS systems sold after August 1, 2005. It will also be made available at discounted rates to all current Testream/CS customers who are covered by a Support Services agreement: the greater the quantity of previously purchased Data Extractor licenses and/or ChartWriter connections, the greater the discount that will be extended on the purchase of new

ReportWriter connections. Contact Sally Keil at [skeil@acquidata.com](mailto:skeil@acquidata.com) for details.

### Let's take it on the road!

Would you like to see a live demonstration of ReportWriter? We'd love to show it to you! This summer, we're '*takin' it on the road!*' During the months of July and August we'll be traveling around the US visiting with as many of our current customers as we can, to proudly show off our latest and greatest!

At no cost to you, we'd be happy to schedule a 'drop by' visit to show you ReportWriter. All you need to do is send us an email at [sales@acquidata.com](mailto:sales@acquidata.com) and give us a couple of dates when a presentation would be convenient for you. We're putting our travel schedules together, and we'll get back to you as soon as possible. Hope to hear from you soon!

### AcquiData's upcoming trade shows

In the coming months AcquiData, Inc will be demonstrating Testream/CS with all of its latest features at a number of trade shows. If you're nearby we hope you'll drop in to say 'hello' and get caught up on all of the new capabilities!

#### **American Association of Cereal Chemists**

Orlando, Florida  
September 11 - 14, 2005

#### **Master Brewers Association of the Americas**

Miami, Florida  
October 14 - 16, 2005

### We're moving....again!

Yes, we're packing up those PCs.....folding up those files.....and moving to bigger quarters! Seems like we just did this a few years ago (because we just did!!) but we need more space, so move we must!

We're still fighting with the phone company to keep our same phone numbers; we have no news yet of the outcome. We'll keep you posted! Our new mailing address as of August 15, 2005 will be:

AcquiData, Inc.  
Suite 445  
400 Garden City Plaza  
Garden City, N.Y. 11530
